Society of Soil Mechanics and Geotechnical Engineering (ISSMGE) has established Tue, 17 Apr 2018 16:13:00 GMT ETC10 Design Examples 2 - Eurocode 7 - Practical Design to Eurocode 2 23/11/16 Lecture 10: Foundations 3 Fire resistance of column Using Equation 5.7, work out the fire resistance of a 250
Sat, 14 Apr 2018 15:19:00 GMT Practical Design to Eurocode 2 - Concrete Centre - Structville - A blog about civil engineering analysis and design, news, advancements, and presentation of solved examples. Tue, 17 Apr 2018 10:44:00 GMT Structville...
- I am trying to get some clarification regarding the flexural reinforcement of the stem of a retaining wall into the footing. Does the flexural reinforcement in Sun, 15 Apr 2018 23:10:00 GMT Retaining Wall - Flexural Reinforcement from Stem Into Footing - RC pile cap design (ACI318) New version of the calculation which has been completely rewritten and now checks the design of pile caps supporting a single column with up to 9 piles. Tekla Tedds 2018 release notes | Tekla Tedds User Assistance - Can someone help me how to calculate the allowable bearing capacity of a bedrock of basalt? The bedrock is slightly fractured, slightly weathered and moderately strong (12.5-50MPa).I do appreciate if you can provide an excel spreadsheet...Thank you
